CAREER OBJECTIVE

As a Front-End Developer, I build responsive, user-friendly, and visually appealing web applications using HTML, CSS, JavaScript, and React. I focus on clean code, smooth performance, and turning creative designs into interactive digital experiences.

TECHNICAL SKILL

Languages: HTML, CSS, JavaScript
Libraries / Frameworks: React, Tailwind CSS, Bootstrap, DaisyUI, Flowbite
CSS preprocessor: SASS/SCSS
Tools / Platforms: Git, GitHub, VS Code, Netlify, Surge, Pixso UI, Figma, AI, XD, PSD
Technologies: Responsive Web Design, Firebase (Basic), API Integration, AOS Animation

SOFT SKILL

- Strong communication & teamwork
- Creative problem-solving mindset
- Time management & adaptability
- Quick learner & continuous improvement

PROJECTS

Solar Energy | Financial Business Website   *Live Link* || *Github*

A modern, responsive React website offering tailored solar and financial solutions, built with React, Tailwind CSS, and Swiper, featuring a clean UI and smooth interactivity.

Technologies: React, Tailwind CSS, DaisyUI, JavaScript, AOS Animation, React Router, JSON Data, Surge

Key Features:
- Display residential, commercial, and industrial solar solutions.
- Provide financial consultation and tailored investment strategies
- Professional Services page with dynamic cards and CTA sections

Astro Boulevard   *Live Link* || *Github*

Astro Boulevard is a fully responsive, elegant static website for a spiritual advisory platform featuring trusted advisors with profiles, ratings, and key details to guide users on their personal journey.

Technologies: HTML, CSS, Bootstrap5, JavaScript, JQuery, AOS, Github

Key Features:
- Built entirely with HTML, CSS, and Bootstrap.
- Display of advisor photos, names, ratings, and short bios.
- Minimal and user-friendly interface focusing on readability and clarity.

Bodyshape   *Live Link* || *Github*

BodyShape is a modern, responsive fitness landing page designed in Figma, offering a visually engaging experience for users seeking a gym or fitness center.

Technologies: HTML5, Tailwind CSS, Responsive Design, FontAwesome, AOS, Github

Key Features:
- Fully responsive fitness website landing page built with HTML, CSS, and Tailwind.
- Includes sections for Home, Services, Fitness Plans, Trainers, and Join Us.
- Features modern design, smooth animations, and visually engaging layouts.
